The National Education Association of New Mexico (NEA-NM) will recognize and induct outstanding and exemplary retired educators into the Hall of Fame at its Annual Delegate Council Friday, October 23, 2020. We will also recognize the commitment and diligence of members and supporters that have gone the extra mile for students.

2020 Delegate Council
Local and state leaders will gather virtually at 8:30 am on Saturday, October 24th, to see what NEA-NM has been up to during the past year. You will be introduced to your dedicated Leadership Team, steadfast Board of Directors and all of our hardworking NEA-NM staff.

You will also hear valuable reports from the NEA-NM President, Executive Director, the NM Public Schools Insurance Authority (NMPSIA) and The Education Retirement Board (ERB). We are proud to have James Jimenez and Bill Jordan from NM Voices for Children as our keynote speakers along with Representative Javier Martinez’s informative presentation on the “Tax Fairness Project” and how it impacts children.

To top off the morning, US District 3 Representative Ben Ray Lujan will close us out with some needed words of inspiration. He also happens to be running for US State Senator from NM replacing Tom Udall, who is retiring, and is a good friend of public education. We encourage everyone that has never attended a Delegate Council before, including all members of color and early career educators, to be a part of this important leadership convening. Please contact your local President for registration information.

From Classroom to Zoom: Webinar Series

Attendees will benefit from sessions led by global experts on distance learning, autism, and other cognitive disorders. These topics affect millions of students and patients. Make sure you have the knowledge and resources to increase effectiveness of virtual services, improve outcomes, and ensure individuals with special needs have access to effective services. Attendees will receive 6 CE hours from IBCCES for this Summit.

$99.00 fee will be waived if you use Partner Code: NEANM
New Mexico Schools Receive 2020 Music and Arts Grant from California Casualty

It is a good day to hear when a school in New Mexico receives a little extra boost for their students and, in this case, it happened twice (click image)! Thank you to our long-time partner California Casualty for understanding the need for these valuable programs and assisting those educators that make a difference every day.
